

DAY -1

**WEDNESDAY 8TH
NOVEMBER 2023**

**REPRODUCTION
WETLABS**

REPRODUCTION WETLABS 1

STATION 1

Responsible Speaker: Ryan Ferris

STATION 2

Responsible Speaker: Juan C. Samper

09:00 - 13:00

Diagnostic reproductive sampling procedures in mares and interpretation
Ghislaine Dujovne
James Crabtree | *Supported by: BOVA UK - Equine Reproductive Services - MSD Animal Health*
Francisca Belmar

Physical Examination of the Stallionz
Marco Alvarenga
Hernán Ramírez

Break

REPRODUCTION WETLABS 2

STATION 3

Responsible Speaker: James Crabtree

Supported by: BOVA UK - Equine Reproductive Services - MSD Animal Health

STATION 4

Responsible Speaker: Marco Alvarenga

14:30 - 18:30

Ultrasonographic examination in advanced pregnant mares
Ghislaine Dujovne
Ryan Ferris
Francisca Belmar

Practical semen evaluation under field conditions and preparation for cooling
Juan C. Samper
Hernán Ramírez

LOCATION:

BIOTEQ - Huelquen, Chile

Distance: **1 hour** from Stgo.

Transportation: **Included**

Departure AM from host hotel: **07:30 am**

Departure PM from host hotel: **12:30 pm**

DAY -1

**WEDNESDAY 8TH
NOVEMBER 2023**

**WELFARE
WETLAB**

**SESSION AM
Welfare**

Supported by: The Donkey Sanctuary - Boehringer Ingelheim

09:00 - 11:30

- Departure from Hotel W
- Introduction to hybrids
- The importance of working equids in Latin America
- The specific case of the use of mules by the Chilean Army
- Practical session on health and welfare of working equids

SPEAKERS:

Tamara Tadich

Eduardo Santurtun

João Rodrigues

Assistants: João Rodrigues - Tamara Tadich - Joe Collins - Eduardo Santurtun

Break

**SESSION PM
Welfare**

13:30 - 16:00

- Practical session on health and welfare of working equids (cont.)
- Round table with all the participants
- Q&A session with all the participants / feedback session
- Final remarks and return to Santiago de Chile.

SPEAKERS:

João Rodrigues

Tamara Tadich

Eduardo Santurtun

Assistants: Joe Collins

LOCATION:

Destacamento Montaña N°3 Yungay, Ejército De Chile - Chile

Distance: **1 hour from Stgo.**

Departure from host hotel: **08:00 am**

Transportation: **Included**

DAY -1

**WEDNESDAY 8TH
NOVEMBER 2023**

**SPORT MEDICINE/AIRWAYS
WETLABS**

**WETLAB 1
Sport Medicine**

**WETLAB 2
Airways**

09:00 - 12:30

STATION 1
Ultrasound: Neck and stifle
Giorgio Ricardi
Felipe Lara

STATION 2
Ultrasound: Suspensory ligament and
Digital Tendon Sheath
Ellen Singer
Tracy Turner

09:00 - 12:30

STATION 1
Resting upper and lower endoscopy
Bianca Schwarz
Assistant: Carolina Durán

STATION 2
TW/BAL cytology
Bianca Schwarz
Assistant: Carolina Durán

Break

**WETLAB 3
Sport Medicine**

**WETLAB 4
Airways**

14:00 - 17:30

STATION 1
Nerve blocks on anatomical preparations
Ellen Singer
Tracy Turner

STATION 2
Lameness examination and investigation
Giorgio Ricardi
Felipe Lara

14:00 - 17:30

STATION 1
Resting upper and lower endoscopy
Bianca Schwarz
Assistant: Carolina Duran

STATION 2
TW/BAL cytology
Bianca Schwarz
Assistant: Carolina Durán

LOCATION:

Hospital Clínico Veterinario Universidad Andres Bello, Colina, Chile

Distance: **1 hour from Stgo.**

Transportation: **Included**

Departure AM from host hotel: **07:30 am**

Departure PM from host hotel: **12:30 am**

DAY -1

WEDNESDAY 8TH
NOVEMBER 2023

DRYLABS

HALL 1

DRYLAB 1
DENTISTRY

Supported by:
Horse Dental
Equipment

09:00 - 12:00

Radiology and Oroscopy of the Equine Head (Sponsor Horse Dental Equipment)
Sebastian Guerra
Cesar Lorenzo

Break

DRYLAB 4
DENTISTRY

Supported by:
Horse Dental
Equipment

14:00 - 17:00

Radiology and Oroscopy of the Equine Head (Sponsor Horse Dental Equipment)
Sebastian Guerra
Cesar Lorenzo

HALL 3

DRYLABS 3
MUSCULOSKELETAL

09:00 - 11:00

Tendinopathies of SDFT and
Desmopathies of Suspensory Ligament
Roger Smith

11:00 - 13:00

OCD and chip fractures: Key
Radiographic projections and how to
interpret the stifle radiographs
Álvaro García Bonilla

Break

HALL 2

DRYLABS 5
CARDIORESPIRATORY

14:00 - 16:00

Heart Murmurs in the Horse
Samantha Franklin

16:00 - 18:00

Cardiorespiratory triage with US
(POCUS): Case Discussions
Cristobal Navas

HALL 3

DRYLABS 6
MUSCULOSKELETAL

Tendinopathies of SDFT and
Desmopathies of Suspensory Ligament
Roger Smith

OCD and chip fractures: Key
Radiographic projections and how to
interpret the stifle radiographs
Álvaro García Bonilla

LOCATION:

HOTEL W - Santiago, Chile

DAY 1

THURSDAY 9TH NOVEMBER 2023

07:30 - 08:00

Registration

08:00 - 08:30

Opening Ceremony

HALL 1

SESSION 1

Reproduction: The Mare & The Stallion
Chairperson:
María Paz Zúñiga / Karen Wolfsdorf

HALL 2

SESSION 3

Lower Limb and Lameness
Chairperson: Christopher Riggs

HALL 3

SESSION 5

Welfare
Chairperson: Francesca Compostella

Supported by: The Donkey Sanctuary - Boehringer Ingelheim

08:30 - 09:00

Histeroscopic approach of the problem mare
Hernán Ramírez

Achieving a definitive diagnosis of pain in the foot
Ellen Singer

The impact of animal neglect on human welfare
Julia Wilson

09:00 - 09:30

Biofilm: is it real and how do we manage it in equine reproduction
Ryan Ferris

Managing hoof wall defects
Stephen O'Grady

Equine Activities - Social License to Operate
Joe Collins

09:30 - 09:45

O-25 Effect of altrenogest on endogenous progesterone during early pregnancy in recipient mares

O-111 Evaluation of the concentration and molecular weight of hyaluronic acid in synovial fluid before and after arthroscopic irrigation in horses with intra-articular osteochondral fragmentation

O-29 Putting the cart before the horse: Mixed-methods participatory investigation of working equid harnessing practices in ethiopia

09:45 - 10:15

Common Reproductive problems in Stallions
Marco Alvarenga

Description of most common sport induced foot injuries in Chilean Rodeo Horses
David Parra

Practical approach to working equids welfare
Mariano Hernández

10:15 - 10:45

How to process semen from difficult Stallions
Marco Alvarenga

Diagnosis of lameness associated with the Digital flexor tendon sheath
Roger Smith

Working mules welfare
Tamara Tadich

10:45 - 11:15

Coffee break

Coffee break

Coffee break

11:15 - 11:45

What's new for embryo transfer?
Juan Cuervo-Arango

Podiatric management for lower limb lameness conditions
Tracy Turner

Innovative approaches for a better health and welfare of working donkeys.
João Rodrigues

11:45 - 12:15

Ovulation induction and failure in mares: What's new?
Juan Cuervo-Arango

Soft tissue lesions of the digit
Giorgio Ricardi

Behaviour as a tool to improve the welfare of horses, mules and donkeys
Julia Wilson

12:15 - 12:45

Real world approaches to ART in practice
Ghislaine Dujovne

How to treat deep digital flexor tendon injuries more accurately and effectively
David Parra

Biomechanics in Working Equids
Rebecca Parkes

12:45 - 13:00

Q&A

Q&A

Q&A

13:00 - 14:30

LUNCH BREAK

Simposium 13:00 - 14:00 hrs.
WVS Emergency Management and Preparedness (WVS-EMP)
Francesca Compostella - Jorge Lohse

LUNCH BREAK

DAY 1

THURSDAY 9TH NOVEMBER 2023

HALL 1

SESSION 2

Reproduction: Pregnant Mare
Chairperson:
Karen Wolfsdorf / María Paz Zúñiga

14:30 - 15:00

How to recognize and manage the high risk pregnancy mare?
Juan C. Samper

15:00 - 15:30

Update on Placentitis
Karen Wolfsdorf

15:30 - 16:00

Field solutions for dystocia management
James Crabtree
*Supported by:
BOVA UK - Equine Reproductive Services - MSD Animal Health*

16:00 - 16:30

How to manage retained fetal membranes: updated
Karen Wolfsdorf

16:30 - 17:00

Coffee break

17:00 - 17:30

Beyond retained fetal membranes: managing conditions affecting the postpartum mare
James Crabtree
*Supported by:
BOVA UK - Equine Reproductive Services - MSD Animal Health*

17:30 - 18:00

How to manage the anovulatory mare during breeding season
Juan C. Samper

18:00 - 18:15

Q&A

18:15 - 19:00

HALL 2

SESSION 4

Orthopaedics / Lameness
Chairperson: Phiroz Khambatta

Where to go when nerve blocks don't reveal the source of pain
Tracy Turner

Lameness after synovial sepsis
Luis Rubio Martínez

Managing Proximal Suspensory Desmitis (fore & hind limbs)
Andy Bathe

Managing osteoarthritis in the tarsus
Luis Rubio Martínez

Coffee break

Understanding biomechanics of the stifle
Jairo Cárdenas

Stifle lameness: Update of subchondral bone cyst management
Álvaro García Bonilla

Q&A

Commercial Exhibition

HALL 3

SESSION 6

Dentistry
Chairperson:
Henry Tremain / Sebastián Guerra

Clinical diagnosis of dental disease
Sebastián Guerra

Odontoplasty - are we rasping too much?
Leena Karma

Periodontal disease: are we making any progress?
Henry Tremain

How radiographs can help with dental disease
Leena Karma

Coffee break

Oral extractions in the field - when and how
Sebastián Guerra

Dental problems that get complicated
Henry Tremain

Q&A

DAY 2

FRIDAY 10TH NOVEMBER 2023

08:00 - 08:30

Opening Ceremony

HALL 1

SESSION 7

Neurology / Assisted Reproductive Techniques (ART)
Chairperson: María Paz Zúñiga

HALL 2

SESSION 9

Wound management and skin oncology
Chairperson: Beatriz Montero (ACHVE)

HALL 3

SESSION 11

Pharmacology and therapeutics
Chairperson: Mauro Rodríguez (ACHVE)

08:30 - 09:00

How to perform a Neurological exam in the horse
Monica Aleman

Wound first aid
Elena García

Antimicrobial strategy for respiratory diseases
Kate Savage

09:00 - 09:30

Headshaking in the Horse: what do we know?
Monica Aleman

Making the best of limited resources for difficult wounds
Francesca Compostella

How to manage allergic respiratory disease
Vinzenz Gerber

09:30 - 09:45

O-149 Equine viral infections in argentina: A ten-year overview based on laboratory results

O-8 Common clinical findings identified in working equids in low- and middle-income countries from 2005 to 2021

O-86 A new option for pain relief in donkeys: A pharmacokinetic pilot study comparing transdermal Flunixin Meglumine to oral and intravenous forms

09:45 - 10:15

Management of Neuropathic pain
Sheilah Robertson

The infected wound
Christoph Koch

Understanding the risk of intra-articular medication in racehorses
Chris Whitton

10:15 - 10:45

Diagnosis and treatment of neck pain
Raquel Baccarin

Clinical management of fistulous tracts
Rubén Anguiano

Rational antimicrobial use and resistance
Kate Savage

10:45 - 11:15

Coffee break

Coffee break

Coffee break

11:15 - 11:45

Reproductive management of donkeys under productive programmes
Luis Losinno

Unusual but possible: Tumours to consider when wounds don't heal
Derek Knottenbelt

Addressing (or managing) acute diarrhea in horses
Macarena Sanz

11:45 - 12:15

In Vitro production of Equids (horses, donkeys, zebras)
Andrés Gambini

Which skin tumours need surgery?
Derek Knottenbelt

Alternatives to antimicrobial use in the uterus
Ryan Ferris

12:15 - 12:45

Cloning Updated/ICSI in the practice
Andrés Gambini

Oncology cases in Chile
Carolina Durán

Bisphosphonates - Is their use worth the problems?
Christopher Riggs

12:45 - 13:00

Q&A

Q&A

Q&A

13:00 - 13:45

Boehringer Ingelheim
Clinical Research Award and Lecture

13:45 - 15:00

LUNCH BREAK

LUNCH BREAK

LUNCH BREAK

DAY 2

FRIDAY 10TH NOVEMBER 2023

HALL 1

SESSION 8 Ophthalmology Chairperson: Kate Savage

15:00 - 15:30

A thorough ophthalmic examination in the field
Bianca Schwarz

15:30 - 16:00

Identifying corneal disease and first aid
Brian Gilger

16:00 - 16:30

Ocular diseases affecting vision in working equids
Derek Knottenbelt

16:30 - 17:00

Managing ocular trauma
Brian Gilger

17:00 - 17:30

Coffee break

17:30 - 18:00

Eye diseases in foals
Bianca Schwarz

18:00 - 18:30

Uveitis
Brian Gilger

18:30 - 18:45

Q&A

18:45 - 19:15

HALL 2

SESSION 10 The abdomen Chairperson: Julia Wilson

Risk factors for colic
Fernando Malalana

Managing horses with colic on the farm
Macarena Sanz

When does it make sense to refer a colic?
James Carmalt

Practical fluid therapy
Fernando Malalana

Coffee break

Post surgical management after enterotomy, expectations and outcome
James Carmalt

Post surgical feeding after colic surgery
Elena García

Q&A

Commercial Exhibition

HALL 3

SESSION 12 Soft-tissue surgery Chairperson: Henry Tremaine

Treatment options for RLN (Recurrent laryngeal neuropathy)
Nicola Lynch

Complications of Prosthetic laryngoplasty
Nicolas Ernst

Advances in the approach to DDSP (Dorsal displacement of soft palate)
Nicola Lynch

Hernia repairs
Francesca Compostella

Coffee break

Surgical treatment of cryptorchidism
Timothy Greet

Penile surgery
Christoph Koch

Q&A

DAY 3

SATURDAY 11TH NOVEMBER 2023

08:00 - 08:30

Opening Ceremony

HALL 1

SESSION 13
Equine Nutrition
Chairperson: Paula Soza (ACHVE)

HALL 2

SESSION 15
Neonatology
Chairperson: Kate Savage

HALL 3

SESSION 17
Sports Medicine and Poor Performance
Chairperson: Raquel Baccarin
Supported by: Boehringer Ingelheim

08:30 - 09:00

Basis of equine nutrition
Brian Nielsen

What is normal in the newborn?
Siobhan McAuliffe

Cervical Pain and Poor Performance
Jairo Cárdenas

09:00 - 09:30

Feeding the equine athlete
Brian Nielsen

Ultrasound examination of the thorax
in foals
Siobhan McAuliffe

Diagnosis of subperformance due
to lameness
Andy Bathe

09:30 - 09:45

O-153 Colitis caused by multidrug-resistant
klebsiella pneumoniae infection in 6 horses in
south-east Germany: Case series

O-26 The hypothalamic-pituitary-adrenal axis
response to vasopressin stimulation test in
healthy and critically ill foals

O-70 Endobronchial biopsy scores reflect
the severity of naturally occurring equine
asthma

09:45 - 10:15

Feeding the orphan foal
Macarena Sanz

Dummy Foal / Isquemic-Hipoxic
Encephalopathy management and treatment
Pamela Wilkins

Pelvic fractures in sport horses
Jairo Cárdenas

10:15 - 10:45

Feeding old horses
Kathleen Crandell

Intensive care management under field
conditions; what we really can do?
Pamela Wilkins

Diagnosis of subperformance due
to respiratory disease
Samantha Franklin

10:45 - 11:15

Coffee break

Coffee break

Coffee break

11:15 - 11:45

Keys of nutrition in growing horses
Brian Nielsen

Foal Pneumonia: *Rhodococcus equi* and more
Macarena Sanz

Dynamic endoscopy - what can be
measured?
Samantha Franklin

11:45 - 12:15

Nutrition for the pregnant and postpartum
mare
Mariano Hernández-Gil

Gastrointestinal disorders on neonatal foals
Pamela Wilkins

Cardiogenic poor performance
Cristóbal Navas de Solis

12:15 - 12:45

Management of metabolic diseases
Kathleen Crandell

Ultrasound examination of the abdomen
in foals
Siobhan McAuliffe

Use of ultrasound in cardiology in the field
Cristóbal Navas de Solis

12:45 - 13:00

Q&A

Q&A

Q&A

13:00 - 14:30

LUNCH BREAK

LUNCH BREAK

LUNCH BREAK

DAY 3

SATURDAY 11TH NOVEMBER 2023

HALL 1

SESSION 14

Challenges in the Equine Industry
Chairperson: Tamara Tadich

14:30 - 15:00

The relevance of pain mitigation for equine welfare
Sheilah Robertson

15:00 - 15:30

When is it time to quit?
Christopher Riggs

15:30 - 16:00

Biosecurity in Equestrian Activities
Lutz Goehring

16:00 - 16:30

Relevance of Equine Doping for Welfare
Christopher Riggs

16:30 - 17:00

Coffee break

17:00 - 17:30

Outbreak Management
Lutz Goehring

17:30 - 18:00

Challenges for equine practice in India
Phiroz Khambatta

18:00 - 18:15

Q&A

18:15 - 19:00

HALL 2

SESSION 16

Anaesthesia and Analgesia
Chairperson: Cristián García

Anaesthesia in the field, what is possible?
Martín Suárez

Balanced anaesthesia
Luis Filipe Louro

Anesthetic management of foals during common surgical procedures
Martín Suárez

Post-operative analgesia
Luis Filipe Louro

Coffee break

Feeding and anaesthesia
Sheilah Robertson

Locoregional anaesthesia for surgical procedures
Luis Filipe Louro

Q&A

HALL 3

SESSION 18

Developments in Orthopaedic Surgery
Chairperson: Felipe Lara (ACHVE)

How ultrasound can be used to minimise the need for big incisions
Roger Smith

Methods for screening racehorses for fracture risk
Chris Whitton

The importance of standing CT in lameness and orthopedics
Nicolas Ernst

Some common complications in orthopaedic surgery
Luis Rubio Martínez

Coffee break

Understanding barefoot methodology: advantages and limitations
Stephen O'Grady

Surgical treatment of laminitis - is there a place for it?
Tracy Turner

Q&A

Closing ceremony

DAY 4

**SUNDAY 12TH
NOVEMBER 2023**

**PATHOLOGY
WETLAB**

Equine Macroscopic Pathology

09:00 - 11:00

- Departure from Hotel W
- Welcome
- Macroscopic description of lesions in equids
- Macroscopic diagnosis of common diseases of equids

**V. Cubillos
Francisco Carvallo**

Assistants: Carolina Escobar, Federico Cifuentes, Tayse Domingues

Break

Equine Macroscopic Pathology

12:30 - 14:00

- Wet Lab with fresh specimens
- Final remarks and return to the hotel

**Francisco Carvallo
Federico Cifuentes
V. Cubillos
Tayse Domingues**

Assistants: C. Escobar

LOCATION:

Veterinary Medicine, UC, Santiago, Chile

Distance: **30 min.** from hotel W

Departure from host hotel: **08:00 am**

Transportation: **Included**
